

Hi everyone in Bede class,

We're just writing to see if you're all ok and to make sure you're doing all of that 'home' work we set for you!

Over the coming days / weeks we would like you to try and do some school work on each week day. You should try to do at least one Maths and one English task a day as well as some physical exercise. You could even make your own history or geography project by doing some research. You can access the Hamilton Trust home packs from the link on this website but here are some other ideas:

#### **English:**

- Do as much as you can from your CGP Grammar book and practise your spellings – you have 20 sheets with 10 spellings on each (you can work out how many that is!) that you can revise. You could look up the meaning of each word; put them in alphabetical order; make a wordsearch out of some of them; and try them out in sentences.
- Continue to read and access Accelerated Reader from home to complete quizzes online. <http://ukhosted85.renlearn.co.uk/2235585>
- Visit [www.pobble365.com](http://www.pobble365.com) Different pictures are posted each day – you could use one of the pictures to inspire you to write a story or a poem

#### **Maths**

- You could ask an adult or older sibling to make up some calculations like those on your arithmetic test to help you practise
- <https://www.topmarks.co.uk/> and <https://www.bbc.co.uk/bitesize/primary> have lots of maths games and activities to help you practise your skills

#### **Science**

- <http://www.sciencefun.org/kidszone/experiments/> has lots of fun experiments you can try at home but make sure you ask an adult first.

We're doing fine - Mrs Walton in her house and me in mine. We miss everyone at school but that's the way it's got to be right now – remember no meeting up / hanging out with friends outside.

Take care

Mrs Irvin & Mrs Walton
