

Hello Wear Class!

I hope that everyone is staying safe and keeping well! I have been locked in with Gary, Star and Stuart for so long now and we're missing you all. The other day I was rudely awoken by Gary shouting 'Where are all the children?!' and I had to carefully explain the situation to him. We often wonder what different types of things you all have been doing and how you've been feeling because it's such a long time since we've seen you!

Anyway, I thought that maybe you all might want to have a look at some of the work that Stuart has been completing and enjoying during this very strange time. He's feeling a bit lonely because he's not in the class with you all, so it might cheer him up to know that you are all doing the same work as him.

I know that some of you want more structured learning for the week ahead, so here is a timetable for you to follow:
